CHARLEROI, WASHINGTON COUNTY, PENNSYLVANIA. THURSDAY, FEB. 10, 1921

5 CENTS.

CHAMBER OF COMMERCE WILL USE OFFICE IN BORO BUILDING

Council Grants Organiza- tion Temporary Use of First Floor Quarters

OTHER MATTERS DISPOSED OF

A regularly adjourned meeting of the borough council was held at the borough building last evening, at which time a number of matters were disposed of.

A committee from the new Chamber of Commerce, composed of Lee Showers, John B. Schafer and E. W. Hastings, appeared before council and asked for the privilege of using the front office on the first floor of the borough building as a general office for the Chamber of Commerce. The occupation of the room is to be only temporary, until such time as the new organization can secure permanent quarters. This fact was stated to council, who granted the request of the committee.

An ordinance granting to Reed & Pfile the privilege of taking the coal from under an unnamed alley which runs along the Tuman property, between Fifth street and the reservoir, was taken up, and after discussion, was passed. According to the contract the borough is to receive 50 cents a ton for all coal mined from under this alley.

The question of permits and licenses was also taken up, and discussed at length. At the request of council the clerk read extracts from a number of ordinances which appeared to govern every phase of the issuance of licenses and permits, after which the members decided that further legislation on this phase of a local situation was not necessary; it was now a matter of enforcing existing laws, for which the various ordinances provide, together with the fees, as well as penalties for all violations. The Real estate committee was also notified to erect a bulletin board on the front of the borough building, where official notices can be posted.

This concluded the business of the evening and council adjourned.

BILL WOULD PERMIT FISHING ON SUNDAY

A bill to permit fishing on Sunday was introduced in the House at Harrisburg on Wednesday, by Representative McCarthy of Philadelphia. The bill would amend Section 10 of the fishing act to read: "Hereafter it is lawful to fish on the first day of the week, commonly called Sunday, except during the closed season." "Similar bills have been introduced in the legislature every session for many years, but with no success."

Matilda M. Borne, widow of the late Ferdinand Borne, died at her home, 311 Crest avenue, Wednesday, February 9, at 9 a. m. She was born in France, May 15, 1854. Funeral services will be held on Saturday at 2 p. m., with interment in Belle Vernon cemetery.

MAY PUT BAN ON TRAVELING CARNIVALS

If an ordinance to be drafted by the council of West Brownsville is passed there will be no more carnivals in that town. Action in this matter followed promptly on the heels of an expressed desire by some members that before permits were granted to any of the traveling carnivals to locate in the borough, the council shall know something of the nature of the exhibit. Only one councilman objected to the motion to frame such an ordinance.

AWARDING REWARD PUT UP TO COURT

At a meeting of the school directors of Perry township, Fayette county, held on Saturday last, for the purpose of discussing the payment of the \$1,000 reward offered by the board for the arrest and conviction of the party, or parties setting fire to the school buildings in that district recently, it was decided upon advice of counsel to present a petition to the court to designate the man eligible for the reward. It was the consensus of opinion that no money should be paid until the court had passed upon the matter. At the present time there are a half dozen applicants for the reward, the chief contender being Harry Steinman of Fayette City, who claims credit for first placing Albert Smith, the firebug under arrest.

ELIZABETH HIGH EASILY DEFEATED

The girls' basket ball team of the Elizabeth high school met with a decisive defeat at the hands of the Charleroi high school girls, on the local floor, last evening, the score being 20 to 8. There was a large attendance, a fact which was appreciated, because as an usual thing, girls' teams, for several years past, have played mainly to empty benches. The contest was a good one to look at. Members of both teams played as though their lives depended on the result. The girls from Elizabeth displayed adeptness at floor play, otherwise, Charleroi's score would have been considerably larger. Captain Piersol's players showed to their best advantage this season. They secured seven field goals between them, while Elizabeth was compelled to be content with but two. The summary:

Charleroi—20 Elizabeth—8
Piersol F. Lander
Sangston F. Ansborn
Phillips C. Weston
Wilson G. Morris
Speers G. Thompson
Substitutions: Charleroi—Woodward for Speers, Lake for Woodward, Galloway for Wilson; Elizabeth—Houseman for Morris, Morris for Weston. Field goals—Piersol, Sangston 2, Phillips 3, Speers, Ansborn 2. Foul goals—Piersol, 4 out of 10; Phil-

NEW OFFICERS FOR PITTSBURG FUEL CO.

The annual stockholders' meeting of the Pittsboro Fuel company was held in Knights of Malta hall, Monday, February 7, at which time the following directors were elected for the ensuing year: J. E. Hayward, Jr., Monongahela; H. D. Hough, Fayette City; Thomas H. Myers, D. A. Dixon, Walter I. Campbell, R. O. Verter, of Charleroi, and Edward Dryer of Belle Vernon. The board organized by the election of the following officers: Walter I. Campbell, president; Thomas H. Myers, vice president, and D. A. Dixon, secretary.

COMPANY'S RIGHT IS TO BE TESTED

A case of more than usual interest has been filed in the Greene county courts at Waynesburg, in which Isaac H. Fletcher has started an injunction against the Manufacturers' Light and Heat company from pulling the casing from a gas well in Aleppo township. The defendant company leased this land in 1894, the lease being for ten years and longer if gas or oil was found in paying quantities, but in no case for a longer period than 25 years. The 25 years were up on December 19, 1920. Some time in January the company went on the lease for the purpose of removing the casing and plugging the well. Mr. Fletcher maintains there is plenty of gas in the well and has offered the defendant company \$3,000 for the casing and connections about the well. This is a new action for the Greene county courts and will be followed with interest.

PAROLE OFFICER MAKES HIS REPORT

Much interesting data is included in the report of the probation officer, F. H. Mitchell, for the year 1920, which has just been submitted to and approved by the courts of the county. As shown by the report, 203 persons were turned over to his care during the past year, of which number only nine broke their parole. During the year \$39,998.49 passed through the parole officers' hands, fines and costs paid, money paid in to be paid out in desertion cases, and from other sources. Many differences between husband and wife were settled by the probation officer, and in other ways he assisted in bringing erring ones to a realization of their wrong doing.

RESTRICTED RIGHTS OF DEPUTY CONSTABLES

Forty-seven constables out of the 78 in Washington county answered to their names when the roll was called for the regular quarterly return to the court on Monday morning. The returns were made to Judge J. A. McIlvaine. Nothing unusual was reported to the court, but Judge McIlvaine called the attention of the constables to the power of their deputies. The court stated that complaints had been made that deputy constables in some boroughs and townships in the county were exercising rights which they do not have. He said that some of the deputies seem to be under the impression that they are appointed by the court and that they have the right to go to any section of the county. Judge McIlvaine informed the deputies that they were appointed by the regular constable, and that the appointment was simply approved by the court. They do not have the authority to act outside of their regular bailiwicks.

WOULD COMPEL STATE TO PAY EXPENSES

A bill introduced in the legislature at Harrisburg on Monday by Representative Nelson McVicar of Tarentum, would place the burden of investigation of public service corporations with the state rather than with the municipality. The bill provides that should a city, borough or township file a complaint alleging that the service rendered by such a company is inadequate or improper, stating specifically the alleged faults of the service and requesting investigation, it shall be the duty of the Public Service Commission to examine into the matter and enter what decree is necessary.

RADICAL CHANGE PROPOSED IN ASSESSMENT AND TAX COLLECTION

LIQUOR PRICES ARE SAID TO BE SOARING

The recent ruling of Federal Prohibition Commissioner John F. Kramer, closing all distilleries and distillery warehouses to any but legitimate wholesale drug concerns in the matter of the withdrawal of whiskey, has jumped the bootleg price, it is said, of that fast disappearing liquid to \$90 and \$100 a case. Whiskey as high as \$120 and \$140 a case is not only probable, well informed persons say, but almost an inevitable within the next month.

LOCALS LOSE FAST GAME TO CO. A

The Charleroi basket ball team lost to the Company A team of Monongahela in the armory of the latter city last night, the score being 43-35. The work of Scott for Company A, and Girard for Charleroi featured, Scott caging the ball six times from the field and 13 times in 24 tosses from the foul line. The same teams play at the Charleroi high school gymnasium floor Saturday night. The lineup:

Charleroi—35 Company A—42
Girard F. Hodge
Letaque F. Scott
McIlvaine C. McManus
Consonery G. Abbott
Dutline G. McGregor
Substitutions—Charleroi, Leonard for Consonery, Bege for Dutline; Company A, Woodward for Abbott. Field goals, Girard 5, McIlvaine 2, Bege, Hodge 2, Scott 6, McManus 2, McGregor, Fous, McIlvaine 9 out of 15; Scott 18 out of 24. Referee, Terment

LOCK 4 BOY DIES FROM DIPHTHERIA

Regis, the 5-year-old son of Mr. and Mrs. Murray Moss, of Pennsylvania avenue, North Charleroi, died at 3 o'clock this morning from membranous croup. Funeral services were held this afternoon, interment at Monongahela. An older brother, Alfred, is also seriously ill with the same disease.

County Board Would Make Assessment at Actual Value of Property

LOCAL BANKS WOULD COLLECT

Centralization of county assessment and tax collection is provided for by the new tax code presented to the House at Harrisburg on Tuesday afternoon by Representative John G. Marshall of Beaver county. The code was accompanied by a copy of a report of the Tax Law Revision Commission which revised the local tax laws.

The new code creates a board of county assessors of three members and provides for assessments of real estate at actual value. Plans for paying taxes twice a year are provided and the local banks can act as tax agents.

The code proposes to revise the tax laws in counties of the second to eighth classes, cities of the third class, boroughs, towns, townships, school districts of the second to fourth classes and poor districts partly or wholly within any of the counties or municipal districts. In seventh and eighth class counties the county commissioners will act as the board.

It is proposed to abolish all local elected assessors and to have the Board of County Assessors appoint one or more subordinate assessors for districts into which the county will be divided. There will be but assessment, separate assessments in cities of the third class being abolished. Assessments will be made and revised annually instead of triennially. All assessments of real estate are to be made at actual values.

The county board would revise the assessments during the months of September, October and November and by December 1 certify to each borough, town, township, school and poor district for local taxation purposes, and the local districts would be required during December to make levies and certify them back to the Board of County Assessors by January 1.

LEVAN—JACK WEDDING IN PITTSBURG YESTERDAY

At Pittsburgh Wednesday afternoon at 4:30 o'clock occurred the wedding of Arthur E. LeVan of Charleroi and Miss Nancy Jack of Avella, Pa. Both the bride and groom are well known young people in Charleroi the bride being a former resident of Fall- lowfield township. The groom is employed at the local freight station as shipping clerk. The ring ceremony was used, the Rev. B. L. Scott of the First Presbyterian church officiating. The couple will make their home in Charleroi.

CORN FOR THE ILL WORLD

The acceptance of the 15,000,000 bushels of corn generously offered by Middle Western farmers to Mr. Hoover, to be used in the relief work in Europe, the Near East and China, would involve difficulty and expense in the matter of transportation and distribution, but it ought to be possible to surmount these; and if the destitute get the corn and eat it, there should be great benefit to all concerned. Under ordinary conditions the greatest difficulty of all would be to teach the people in the regions named how to cook corn bread and induce them to eat it when it is ready for the table. Hitherto all efforts in this direction among Europeans have failed, for they—except the Italians—do not like Indian maize in any form, being seemingly insensible to the virtues of hominy, corn fritters, Indian pudding, etc., as well as corn bread in its various preparations.

But beggars can not be choosers and the starving can not afford to be too particular in their eating. Therefore, if the corn goes, the destitute millions are likely to force themselves to eat, and in eating they can hardly fail to begin to like corn in some if not in all of its cooked products. In that case the final results can scarcely be doubted. Surely there will begin a foreign demand for corn that will grow until there is a profitable export of the crop as yet undreamed of by the growers. The generous gift of the Middle Western farmers may one day return compound interest on its present money value.

TARENTUM GLASS PLANT HAS RESUMED

The Flaccus Glass plant at Tarentum, has resumed operations, giving employment to about 200 men, boys and girls. It is expected that before the end of the week nearly 500 of the old employees will be back at work, bringing to an end the first shutdown the plant has experienced in 32 years. A number of former Charleroi residents are employed in this plant.

Evert Kibler, a student at the University of Pittsburg, accompanied by a student friend, Fred Peters spent Sunday at his home in North Charleroi.

WOULD COMPEL AUTO

OWNERS TO INSURE

Representative Joseph C. Marcus of Pittsburg, on Monday night, introduced a bill in the house at Harrisburg to require insurance of all motor vehicles against the owners' liability for damages to persons or property resultant from negligent operation.

The bill provides that every application for registration of a motor vehicle, including automobiles, motorcycles, trucks and tractors be accompanied by a receipt of statement from an insurance company to the effect that the vehicle has been insured for the period for which registration is asked.

It is further provided in the bill that an owner who desires to be exempt from insuring the whole or part of his liability for accident shall provide the State Highway Department with a statement showing his financial ability to pay any damages that might result from the negligent operation of his machine. Action on this measure will be watched with interest.

Marriage license was issued in Pittsburg on Wednesday to Arthur E. LeVan of Charleroi and Nancy Jack of Avella; and to Hiram L. Fane of Marianna, and Ruth H. Reid of Charleroi.

Advance showing of Printzess styles for Spring

This Spring!

You should inspect Printzess Styles before deciding

A note of individuality is struck in this suit by slashing the back into loose hanging panels. The delicate tracery of braiding and rows of tiny buttons "dress it up" for any occasion. Then there is a most fascinating "tie" in front with beaded ends. But this is only one of many delightful models.

THE very leading tendencies of the mode are portrayed in our new line of PRINTZESS Coats and Suits for spring. They are developed in fabrics guaranteed to be all wool by actual test. They are guaranteed to hold their shaps for at least two seasons. The most careful tailoring makes this possible. The linings will last the same period or be replaced without charge.

They are produced in the most modern of workshops by skilled workmen. They are sensibly priced—as low, in fact, as ordinary garments which are not guaranteed.

We believe you will appreciate their unusual values. So we urge you to visit our Coat and Suit Department while we have a full range of styles, colorings and sizes.

Coats, Suits, Dresses.

GOV. WM. C. SPROUL AT
W. & J. FEBRUARY 26

February 26 will be observed as Governor's Day at Washington and Jefferson College, according to an announcement by President Samuel C. Black. Gov. William C. Sproul will attend and make an address. An invitation to alumni and friends of the institution has been extended by the college.

ENTERTAINMENT AT DUNLEVY SCHOOL

An entertainment will be held in the United Brethren church at Dunlevy Friday evening, February 11 at which time two plays will be presented. First presentation will be a playlet entitled "Proposal Number Seven" while the second will be, "A Day at Happy Hollow School." Preparations for the event have been under way for some time, and the promoters anticipate a very delightful occasion.

M. H. Johnston, of California, Mrs. J. M. Roberts of Rices Landing and Mr. and Mrs. Clarence Schafer of Ponora, were recent guests at the home of Mr. and Mrs. Oscar Carson, Lock Four.

Mr. and Mrs. William Faulks and children, Miss Grace Phillips and Miss Celina Hagerty have returned home from Uniontown. While at the Fayette county capital they attended the Elks' minstrels.

Mr. and Mrs. Oscar Carson of Lock Four, spent a day recently with Mr. and Mrs. Reese Carson in Donora.

THREE MEN.

ONE—goes around incurring small debts here and there. Doesn't know how he will meet them; only knows they mount up alarmingly fast.

ANOTHER—doesn't owe anybody anything yet, but he's running on a dangerously narrow margin, and wearing himself out trying to keep up with the game.

ANOTHER—saves a little each week from his earnings and puts it in the bank. He's finding a lot that's worth while in life.

These represent three characteristic types. Do you find yourself among them

MOTHERS! GET FREE JARS OF TURPO FOR CHILDREN'S COLDS

Local Druggists Giving Away 30c Jars of Turpo Free—
the New Remedy for Cold Troubles.

Mothers with small children are especially invited to take advantage of this offer of free jars of Turpo—the Turpentine Ointment for the treatment of colds. Turpo is made of distilled Turpentine, Camphor and Menthol, in salve or ointment form. These old-fashioned remedies have long been known for their value in the treatment of coughs, colds, inflammation, congestion and similar ills.

Colds are best treated at the very beginning, because then they are prevented from developing into serious illness. The way to stop a cold, especially in children, is to apply Turpo up the nostrils at the first sign of sneezing or running nose. This clears the air passages, stops the discharge and aborts the cold at the very root. Even if the cold has developed, Turpo will give immediate relief. Applied on the chest and neck, and rubbed in well,

it penetrates under the surface, and relieves the inflammation, drives out the congestion, and has a soothing, healing effect.

Turpo is also of great value as an antiseptic application for cuts and wounds. It has many uses. Doctors and druggists recommend it. If you will present this coupon at your drug store you will receive a 30c jar of Turpo free as long as the supply lasts. Be sure and get your jar today.

COUPON

Good at the nearest drug store for 30c jar of TURPO free as long as the supply lasts. One allowed to each family.

A New Hat For Every Mood

MILAN Hats with just the slightest suggestion of a droop to their brims rank high in the Spring fashions. Their crowns are abloom with gay flowers.

CELLOPHANE, a thousand times more beautiful than the glistening bases of last year's Hats, embellishes many of Spring's most charming millinery modes. Some Hats are evolved entirely from cellophane others use it judiciously as a garniture.

A TRIMMING particularly beloved by this season's Hats is that which trails gracefully from the crown of the Hat to the wearer's shoulder. Many bits of headgear of this type are shown in our showing of Spring Millinery Modes at

BUICK

Everybody knows Buick builds a six cylinder valve in the head Automobile.

--that Buick sold its entire output long before the end of the season,

--that Buick has sold a large percentage of its 1921 schedule,

--that Buick users are Buick salesmen,

--that Buick car values are 100 per cent,

--that we are starting our spring selling off by selling a Buick car every day this week, from Feb. 7 to 12 and want to tell you how we are making these sales.

OLD AGE ARRESTED!

Gland Tablets Bring Youthful Health and Strength to Thousands
When physicians announced that they could restore youth by transplanting monkey glands into human bodies they were laughed at. But today the animal gland treatment has proved itself and thousands of prematurely old and run-down people are building up youthful health and strength by taking animal gland extracts in tablet form.

Formerly animal gland extracts were difficult to obtain but now they are available to the public under the name Glandex Compound, which also contains iron and other health-builders. In the treatment of run-down conditions, nervousness, loss of appetite, and anaemia, Glandex Compound usually brings results after first few days. Sold at all druggists—and your money back if not entirely satisfied.

MONESSEN MALTAS HOLD SOCIAL EVENT

A record breaking attendance filled the Malta Hall to capacity Monday evening, February 7, when Monessen Commandery No. 332 A. & I. O. Knights of Malta held a social and entertainment. Over three hundred Knights and friends were present, from Monessen, Belle Vernon and Charleroi. Rev. H. O. MacDonald, well known to Monessen and a prominent member of the order, delivered a most interesting address, about which no comments are necessary.

The Malta Orchestra proved a decided hit and furnished music for the entertainment proper and for the dancing which followed later. Piano solos by Miss Bumbaugh and Miss McKenna, a reading by Miss Helen Baker, and a banjo solo by Walter Day made up the balance of the program.

Refreshments were then served by the Social Committee, after which dancing was indulged in for the remainder of the evening. This is the

first of several social sessions planned by the Maltas for this season and from comments made by those present, it is expected that an even larger number will be on hand for the next affair, details of which will be announced later.

ALICIA MINE HAS RESUMED OPERATIONS

The Alicia mining plant of the Pittsburgh Steel company, located a short distance above South Brownsville, resumed operations on Monday last, after being idle for the past eight weeks. About 50 per cent of the 500 men formerly employed there are again back at work. The resumption of work at the plant was made necessary by the fact that certain departments of the steel company plant at Monessen had resumed operations.

EGG PRICES SHOW A SHARP DECLINE

Reports from western centers show that eggs have taken a decided drop in prices during the past few days. In some places they have dropped 24 cents in the past two weeks, an unprecedented slump.

Pennsylvania State Highway Department, Harrisburg, Pa. Sealed proposals will be received at the State Capitol until 10 a. m., February 13, 1921, when bids will be publicly opened and scheduled and contract awarded as soon thereafter as possible for the reconstruction of 16137 linear feet of One Course Reinforced Concrete Pavement, 16 feet wide, being situated in Somerset and Nottingham Townships, Washington County, on Route No. 181. Bidding blanks and specifications may be obtained free, and plans upon payment of \$2.50 per set, upon application to State Highway Department, Harrisburg. No refund for plans returned. They also can be seen at office of State Highway Department, Harrisburg, 1001 Chestnut Street, Philadelphia, 119 Federal Street, N. S. Pittsburgh, and Washington, Pa. Lewis S. Sadler, State Highway Commissioner.
